ACCREDITATION

PHYSICIANS: This activity has been reviewed and is acceptable for up to 10 Prescribed credit(s) by the American Academy of Family Physicians. AAFP accreditation begins January 1, 2010. Term of approval is for one year from this date, with option for yearly renewal.

PHYSICIAN ASSISTANTS: American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for Prescribed credit from AAFP.

PHARMACISTS: University Learning Systems is accredited by the **Accreditation Council on Pharmacy Education (ACPE)** as a provider of continuing pharmacy education. This course has been accredited by ULS for 10 Hours Credit. *Part I 741-000-009-009-H01 P/T 5 hours 741-000-009-010-H01 P/T 5 hours*
This course is valid until April 21, 2012 and may be taken for credit up to that time.

NURSES: ULS is approved by the **California Board of Registered Nursing**, Provider No. CEP 11409. This course provides 10 hours of credit.

COMMERCIAL SUPPORT: It is the policy of University Learning Systems (ULS) to provide an unbiased, fair and balanced approach to continuing education. Grants from pharmaceutical companies are not solicited and are accepted only with the understanding that University Learning Systems has complete control over the determination of topic, faculty and content. Such grants will be disclosed in the brochure and at the seminar if applicable. **No commercial support was received for this program.**

This program was originally presented and video taped June 11-12, 2009 at a continuing education seminar for health professionals in Las Vegas, Nevada.

COURSE OBJECTIVES:

After completing this course, you should be able to: (1) Discuss the new drugs with respect to their pharmacology, pharmacokinetics, approved and unapproved indications, (2) Describe their adverse effects and drug interactions that may affect patient compliance, (3) Compare efficacy, dosage and cost to existing agents. (4) Discuss the patient oriented outcomes or evidence that may or may not exist for each of the new medications and when they may or may not be appropriate to recommend for selected patients.
